SUBJECT: U.S. Speech at the 32nd UNGA

I understand that a preliminary but closely held outline for the President's speech to the UN General Assembly (October 4) has gone forward from S/P to the NSC.

I assume that a further statement on our human rights policy will be a prominent element of the speech and would have welcomed the opportunity to make our contribution to the outline.

Please send me a copy of the outline and ask your staff to consult closely with D/HA (Bob Maxim, x22126) on the speech's evolution and content concerning human rights.
